

THE MARCH NEWSLETTER 2020

Dear Parents

The month of February has been colder than expected, and equally hectic. The tiny tots have been practising very hard for Kid's Rendezvous 2020, scheduled on 15th March. It will be a proud and heartening moment to see our little ones take on the stage for their first stage appearance.

The kids celebrated Basant Panchami in school with great piety, by the teachers emphasising upon the importance of knowledge and therefore, books.

Class photographs were clicked over a span of two days, and the children learnt about the heart shape and red colour.

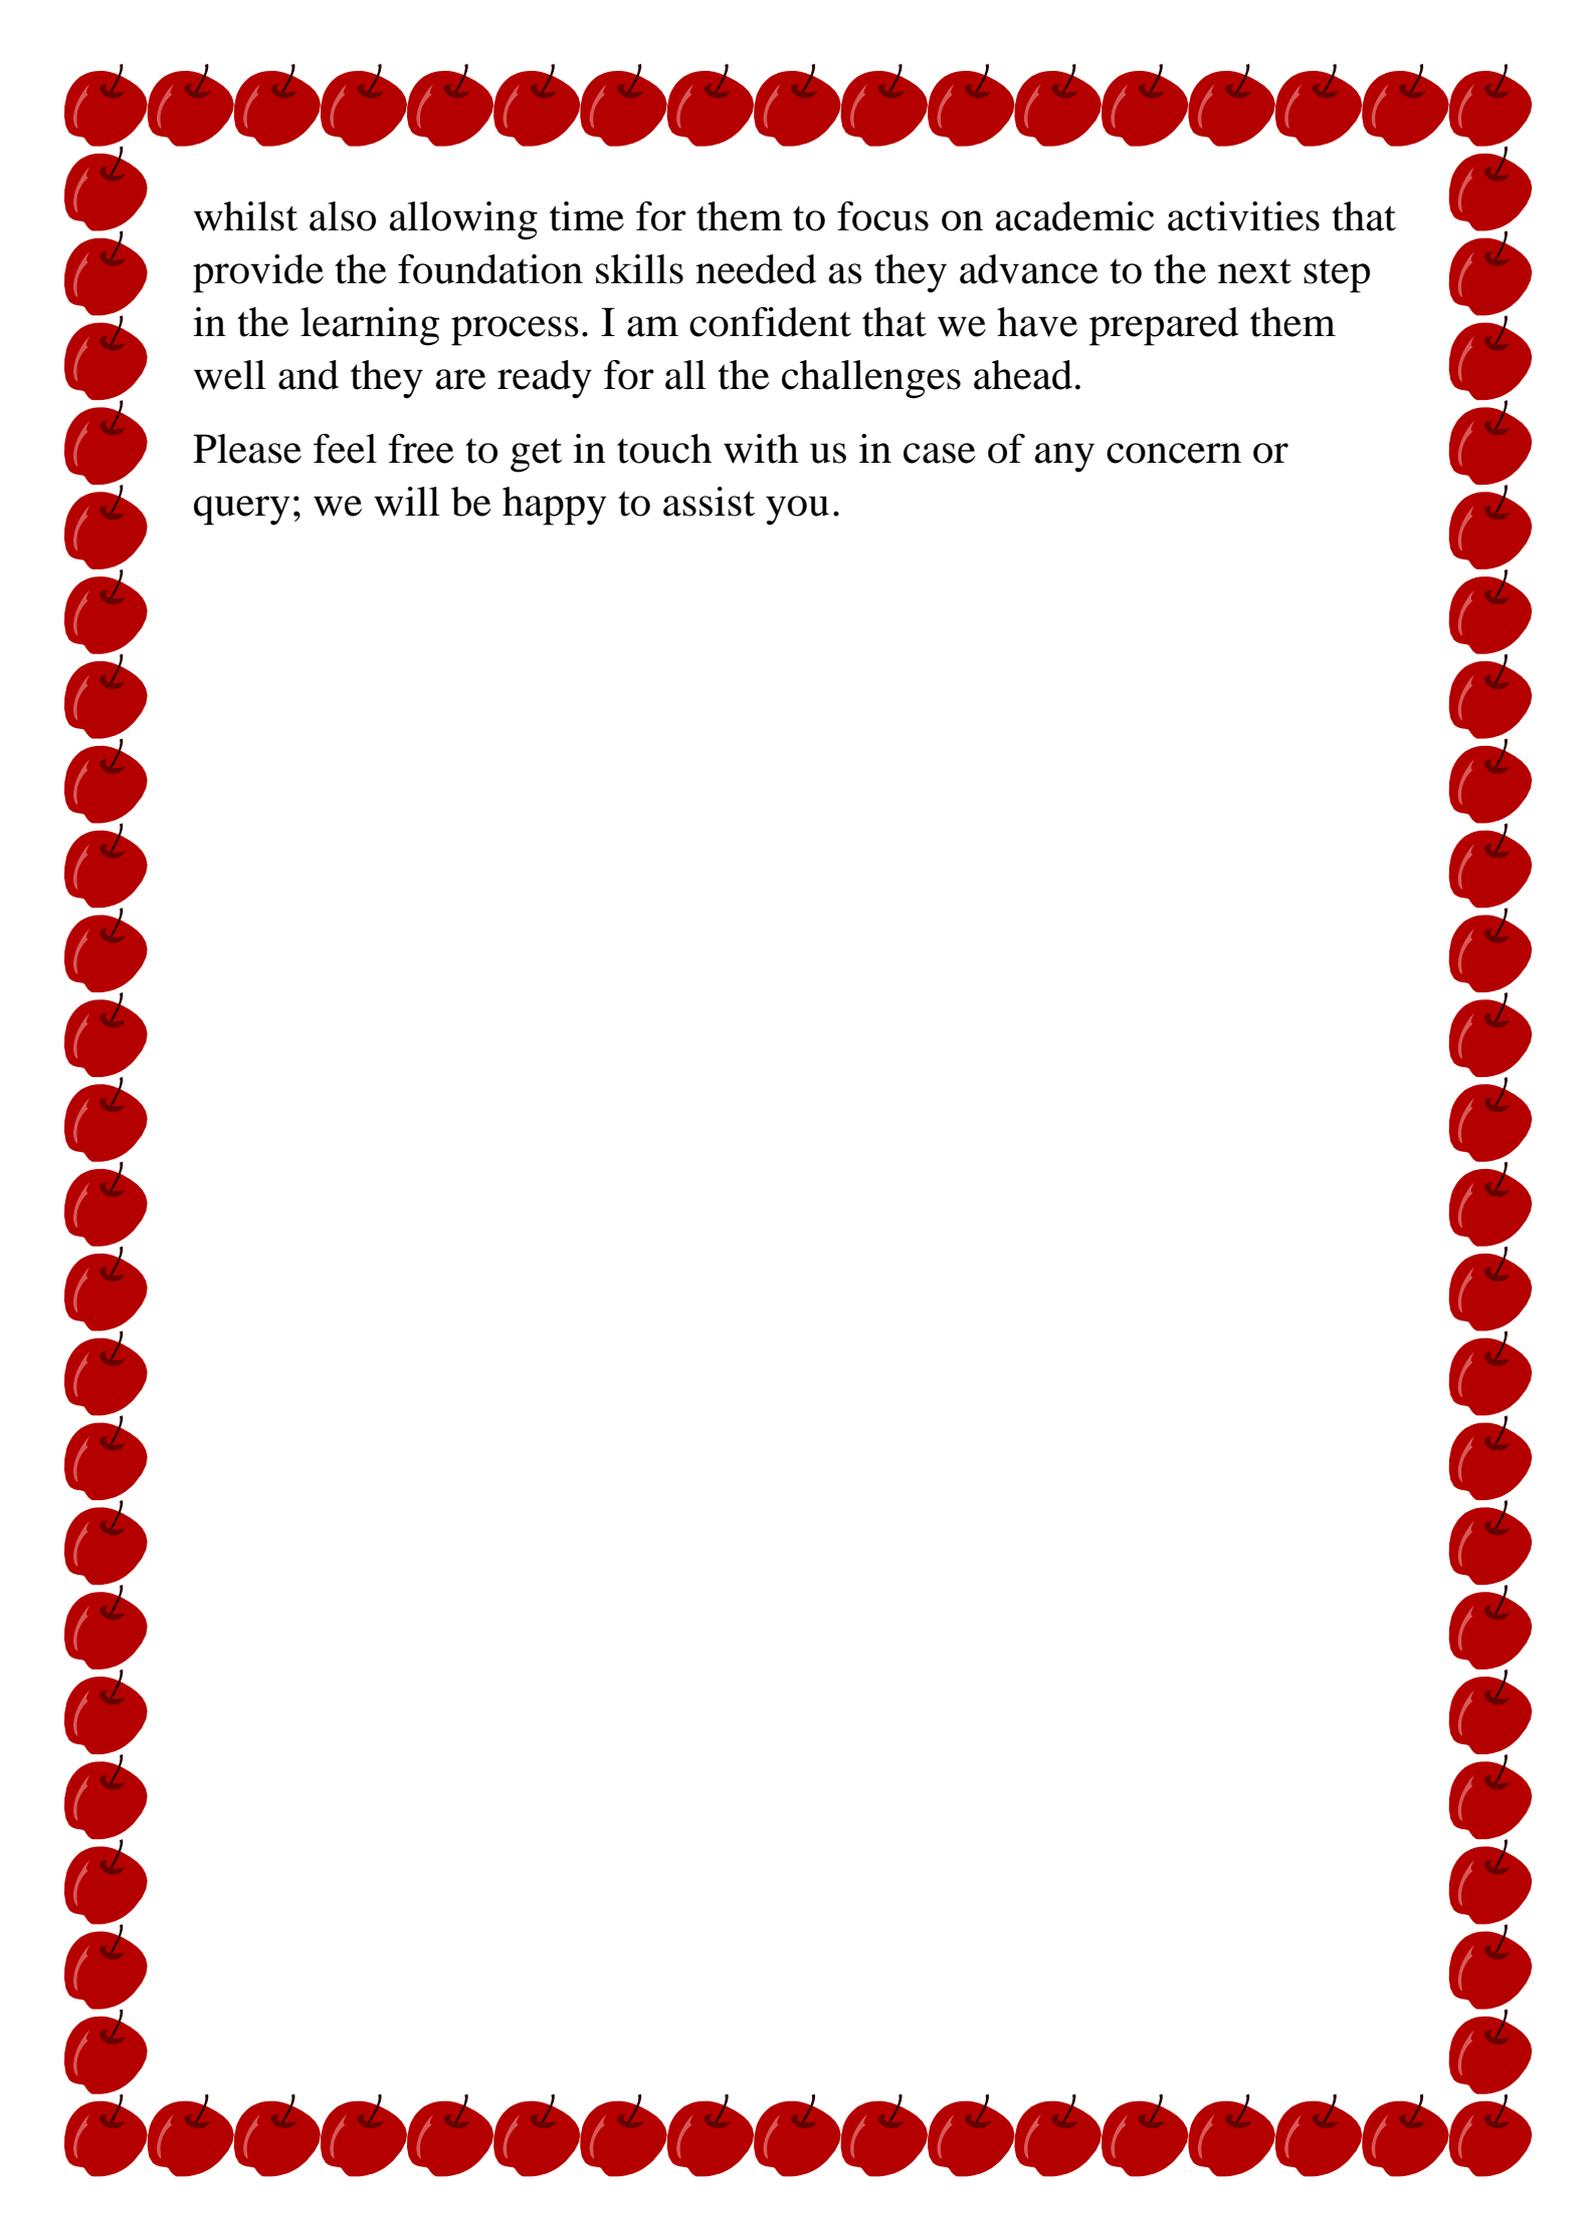

Sports day was a fun filled celebration for all our children. The proud winners of the races were felicitated with trophy and all the kids were awarded with participation certificates.

The month of March will begin with the flagging off of Kids Rendezvous 2020, in the form of a musical, "JASHN."

The closing of the session will be a special one as we will be celebrating the Graduation Ceremony.

Kindly make a note: Holiday: 9TH & 10TH March on account of Holi.

As we approach the end of another busy year we would like to take this opportunity to thank all parents for their support that they have given both to their children and to the school. What an action packed and memorable year it was! Throughout the year we have ensured that all of our students have had enough time to play and explore together,

whilst also allowing time for them to focus on academic activities that provide the foundation skills needed as they advance to the next step in the learning process. I am confident that we have prepared them well and they are ready for all the challenges ahead.

Please feel free to get in touch with us in case of any concern or query; we will be happy to assist you.
